Introduction

Lectures notes from the course Linear Algebra, given by professor **PROFESSOR** at the Faculty of Mathematics at COLLEGE LOCATION in the academic year 2023, in the Fall Term. This course covers **TOPICS**.

Credit for the material in these notes is due to professor **PROFESSOR**, while the structure is loosely taken from the **LOCATION**. The credit for the typesetting is my own.

Disclaimer: This document will inevitably contain some mistakes—both simple typos and legitimate errors. Keep in mind that these are the notes of an undergraduate student in the process of learning the material himself, so take what you read with a grain of salt. If you find mistakes and feel like telling me, I will be grateful and happy to hear from you, even for the most trivial of errors. You can reach me by email, in **LANGUAGES**, at mail@gmail.com.

Chapter 2: Second Bad Ass Lecture Note

Lecture Note Overview

I need to improve the grammar.

I'm not sure if this is good enough.

I need to change this crap.

I need to add additional examples.

This took me a while to write up.
